This covers the cost of performing the company search for ASIC company documents (if applicable) in the case where an application has been submitted under a company name but no supporting documents have been supplied by the applicant.
- If there is more than one facility that needs to be licensed you must add the licence fee for all facilities together to settle the fee. One licence will be issued to the business indicated in Section A with licence extracts issued for the corresponding facilities. Licence extracts should be forwarded to each facility and displayed in an appropriate manner.
- If the facility being licensed does not perform any processing or service of food to vulnerable populations, then the licence fee will be waived and only the application fee \$50.00 is payable.
- If adding an additional facility to an existing licence please forward payment for the \$50.00 Application fee and a pro-rata invoice for the licence fee will be forwarded to you for payment.
- Prior to the approval of a licence, a licensing assessment will be carried out to ensure compliance with the Food Standards Code and Food Regulation 2015. If the result of the assessment is unacceptable, the licence may not be approved and the licence application may be rejected. It is highly recommended the applicant refer to the Authority's website for information relating to the assessment process and industry sector requirements.
