Certain food businesses are required to hold a licence with the NSW Food Authority (the Authority) to operate. Businesses that operate without the appropriate licence from the NSW Food Authority are committing an offence under the *Food Act 2003* and may be prosecuted.

Did you know ... if you are applying to licence a business and do not hold a current NSW Food Authority licence, you can now lodge your application online by going to the online application form link at www.foodauthority.nsw.gov.au (Please note: conditions apply for use of online applications).

Seafood businesses that need to be licensed

Under the Food Regulation 2015, food businesses must have a NSW Food Authority licence if they produce, store or process Shellfish as defined under Clause 129 of the Seafood Safety Scheme (Part 11 of the Regulation) and defined as a "seafood business" under Clause 134 and perform the following activities:

- the culture, harvesting or collecting of shellfish
- the depuration of shellfish
- the cultivating of spat

Licensing under this Regulation is used to ensure that a business has the capacity to produce safe food before the food is supplied to the market. A licence is not transferable from one person or business to another.

What do I need to comply with?

Any businesses that hold a licence must comply with the following:

- [Food Regulation 2015 \(NSW\)](#)
- [Food Act 2003 \(NSW\)](#)
- Food Standards Code
- Development and implementation of an adequate food safety program under the Food Regulation 2015 based on Standard 3.2.1 of the Food Standards Code or Codex HACCP. The program must accurately outline the hazards associated with the food business' operations. Assistance material is available from the NSW Food Authority's web site at www.foodauthority.nsw.gov.au
- NSW Shellfish Industry Manual published by NSW Food Authority
- Where a Food Safety Program (FSP) is required for businesses under the legislation, failure to have a FSP available for review at the compliance inspection may result in the non issue of a licence to operate.

What do I need to do next?

- Complete the licence application form and return it with payment to: NSW Food Authority, PO Box 232, Taree NSW 2430.
- You must not commence operations until the above steps have been completed and you are informed that your licence application has been processed. If the premise is found to be operating without a licence, enforcement action will be taken.
- Prior to the approval of a licence, a licensing assessment will be carried out to ensure compliance with the Food Standards Code and Food Regulation 2015. If the result of the assessment is unacceptable, the licence may not be approved and the licence application may be rejected. It is highly recommended the applicant refer to the Authority's website for information relating to the assessment process and industry sector requirements.

Processing times

The Authority will review your application **within 10 working days** of receiving your licence application and you will be notified if any further information is required. If your application is complete the Authority will write to you to let you know your licence application has been processed and provide you with a time frame for completion of the licensing assessment that is required.

IMPORTANT NOTES

- If you have more than one premises, copy page 6 and complete for each premises. If the application forms are submitted at the same time only one application fee will be required.
- Please ensure that each page of the application is completed (where applicable) and checked before it is returned as failure to provide all information or signature(s) will delay processing and issuing of the licence.
- For more further information or assistance please contact the NSW Food Authority's Licensing Unit on 02 6552 3000 or go to the NSW Food Authority website at www.foodauthority.nsw.gov.au/ip/licensing
